EULA11200006

Esta documentación y los programas pertinentes (denominados conjuntamente "Software" en lo sucesivo) están protegidos por derechos de autor.

Los autores acogen con agrado cualquier información relativa a contenidos incorrectos u obsoletos a través de [ip-division@televes.com](mailto:ip-division@televes.com)

El Software se entrega únicamente en formato legible por máquina (formato de código objeto). En virtud de todos los derechos de propiedad intelectual que posee TELEVES, esta otorga por la presente al licenciatario un derecho no exclusivo a utilizar el Software. El derecho de utilización del Software se concede para un período de tiempo ilimitado, a menos que se disponga lo contrario. El licenciatario tendrá derecho a realizar una copia exclusivamente con fines de copia de seguridad personal (copia de respaldo). Salvo que la legislación establezca otra cosa, el licenciatario no tendrá derecho a modificar, desmontar, realizar labores de ingeniería inversa, descompilar o alterar de cualquier otro modo el Software en todo o en parte. TELEVES se reserva todos los derechos de propiedad intelectual, salvo los expresamente otorgados en virtud de la presente. El licenciatario no tendrá derecho a modificar o eliminar códigos alfanuméricos u otros códigos de identificación sobre soportes de datos, y transferirá dichos códigos de identificación a cualquier copia de respaldo que realice lícitamente. El licenciatario no tendrá derecho a transmitir cualquier información incluida en este documento sin contar con la autorización previa por escrito de TELEVES.

Las modificaciones del software propietario de TELEVES para su propio uso y la ingeniería inversa para la depuración de dichas modificaciones están permitidas en la medida en que dichos componentes de software estén vinculados a las bibliotecas de programas bajo la Licencia Pública General Menor de GNU (LGPL). Sin embargo, se prohíbe la transmisión a terceros de los conocimientos adquiridos durante la ingeniería inversa o la depuración. Además, no se puede redistribuir la información obtenida de la reingeniería o del software modificado.

En el caso de que el licenciatario haya recibido el Software con fines no comerciales para utilizarlo con fines no comerciales y sin derecho a revenderlo (y es, por tanto, el usuario final), estará obligado a transmitir el derecho de utilización del Software a un tercero únicamente en relación con el producto adquirido por el licenciatario junto con el Software. Si el licenciatario transfiere el derecho de utilización del Software a un tercero, se asegurará de no otorgar a estos últimos derechos adicionales a los que originalmente le fueron otorgados a él, e impondrá al tercero las obligaciones derivadas de los presentes términos de licencia. En ese caso, el licenciatario no podrá conservar copia de respaldo alguna. El licenciatario no tendrá derecho a otorgar sublicencias. Si el licenciatario transmite el Software a un tercero, asumirá la responsabilidad que ello conlleve y eximirá a TELEVES del cumplimiento de las leyes y obligaciones de control de las exportaciones en la medida que proceda.

Si y en la medida en que TELEVES proporcione Software sobre el que únicamente se le haya concedido un derecho derivado de uso (Software de Terceros), serán de aplicación además (y prevalecerán) los términos de licencia de dicho Software de Terceros. Si se suministra Software de Código Abierto, serán de aplicación además (y prevalecerán) los términos de licencia del citado Software de Código Abierto. TELEVES proporcionará al licenciatario el correspondiente código fuente del Software de Código Abierto en cuestión, en el caso de que los términos de la licencia de este incluyan dicha obligación. TELEVES informará si el Software contiene Software de Terceros y/o Software de Fuente Abierta, y pondrá a disposición del licenciatario, a petición de este, los correspondientes términos de licencia.

Este Software ha sido elaborado con la máxima diligencia y se ha verificado que funciona correctamente de acuerdo con el actual estado de la técnica. TELEVES rechaza por la presente cualquier responsabilidad o garantía, expresa o tácita, relacionada con la calidad de este Software, su rendimiento o su adecuación para un fin específico que difiera de las especificaciones relativas a su rendimiento indicadas en la descripción del Software. TELEVES no será responsable de los daños que puedan producirse de forma directa o indirecta como consecuencia del uso del manual o del software relacionado. Tampoco será responsable de los daños incidentales o consecuentes, salvo en caso de negligencia grave o intencionada. TELEVES rechaza explícitamente cualquier responsabilidad derivada de las pérdidas o daños que sufran el hardware, el software o los datos en conexión con errores directos o indirectos o con su destrucción; tampoco será responsable de los daños (incluido el fraude) derivados de configuraciones deficientes o incorrectas (incluidas aquellas que no incluyan una protección suficiente –o de ningún tipo– mediante contraseña) de las conexiones (incluidas, con carácter no limitativo, las de banda ancha, como el ADSL, el cable/DOSCSIS y la fibra óptica, así como las conexiones VoIP o SIP), ni de los costes (incluidos los gastos de conexión) relacionados con el Software suministrado o derivados de instalaciones incorrectas que no hayan sido efectuadas por TELEVES.

TELEVES no tendrá la obligación de ofrecer ningún tipo de servicio de software. La información que contiene este Software está sujeta a modificación sin previo aviso con fines de introducción de mejoras técnicas.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

Acuerdo de licencia y  
declaración de software de terceros

EULA11200006

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses

declaración de software de terceros

EULA11200006

granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor

declaración de software de terceros

EULA11200006

has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "{\lbrack}{\rbrack}" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.
