

## L 700 antenna 18 elements

A monolithic Yagi antenna equipped with 18 elements, a dihedral-shaped reflector and a double-V dipole. Compact and light-weight, it provides an exceptional relation between robustness, directivity and gain.

Can be installed in both horizontal and vertical polarizations.

Supplied in 6-unit packing.

### Discover

---

- Built with aluminium (corrosion resistant ) for a long service life, and in ABS plastic for high weather resistance
- The mast-mounting system utilizes Zamak to provide sturdiness and stability in adverse weather

conditions

- Designed and manufactured in Europe, our products undergo the most stringent quality controls
- The connection box includes a balun for impedance matching
