

Power supply unit 12V - 0.8A

Element that converts alternating current into direct current to power a multiswitch or an optical device.

Ref.	732101
Logical ref.	MS-NT1208N
EAN13	8424450173909

Packaging info

Box	1 pcs.
------------	--------

Physical data

Net weight	114.00 g
Gross weight	114.00 g
Width	47.00 mm
Height	84.00 mm
Depth	68.00 mm
Main product weight	81.00 g

Highlights

- 0.8 A maximum current
- European design, quality, and manufacturing

Main features

- Plug-in power supply
- 196 VAC-264 VAC supply voltage
- 12 V output voltage
- Wide range of operating temperatures
- Limited size

Technical specifications : Ref. 732101

Plug type		EU
Input voltage	Vac	196 ... 264
Mains frequency		50 Hz / 60 Hz
Output voltage	Vdc	12
Max. output current	A	0.8
Operating temperature	°C	-5 ... 45
Protection index		20
