

## Horizontal Arm Support Ø50-60mm for AtmosLED or Standard Floodlight

Modern and minimalist arm support for AtmosLED luminaire or Standard Floodlight that integrates into any context. Designed for anchoring the luminaire in horizontal position. It is adaptable to be mounted on poles and arms from Ø 50 to 60 mm and allows a rotation of the luminaire up to 30°, to direct the light beam towards the area of interest.

The AtmosLED support is made of die-cast aluminum for high resistance and lacquered in RAL 9006 aluminum color, just like the AtmosLED luminaire.

It is supplied with the necessary accessories for its installation.

Adapters for other tube diameters and different colors of the RAL range are available upon request.

<b>Ref.</b>	69000201
<b>Logical ref.</b>	ASH8AL
<b>EAN13</b>	8424450191880
