

Cross Support for Flex and Flex Mini Floodlight

Cross support for Flex and Flex Mini floodlight. It is designed to attach to Ø60mm poles at the top of a column.

The cross support has a right angle design with perforations on all sides.

It offers two types of positioning offering various configurations. In its vertical position it allows the installation of up to 3 floodlights, if installed horizontally, it allows the installation of up to 2 floodlights.

Manufactured in hot-dip galvanised steel, it offers excellent resistance to corrosion, guaranteeing the longest duration outdoors.

Ref.	69033114
EAN13	8424450323939

Packaging info

Bag	1 pcs.
